

Specification Sheet: Laminate Locker Range

Our Laminate Locker Range features high quality construction that is completely customisable to suit your space. These lockers are made-to-order in a wide range of finishes, trims, sizes, and door and accessory configurations.

As such they can be tailored to both look fantastic against the existing décor, and be totally practical for their intended use. Standard sizes and configurations are as below.

Matching locker benches, stands, and shoe racks are also available.
